

# **NEW MEMBER RANGE SAFETY DEMO PROCEDURE**

For the purposes of this demonstration, the Member may use their own firearm or may use a firearm provided by the Club. The Member may fire from any safe stance or position they choose and may use a rest if so desired.

**Any firearm used must be unloaded prior to the demonstration.**

The Member, when directed, will:

1. Safely approach the designated shooting lane, demonstrate the firearm is clear, and place the firearm safely on the shooting bench.
2. Safely load five rounds into a magazine for a semi-automatic firearm or the cylinder for a revolver.
3. Load the magazine into the pistol or close the cylinder of the revolver and fire three rounds at a Club provided 17" x 22" target placed 21 feet downrange. All shots must impact the target paper.
4. Unload the firearm, show that the firearm is clear, and place the firearm safely on the shooting bench.
