Indoor Pin Shoots

Those of you who have participated in the Indoor Pin Shoots this year may have noticed that they're getting very popular; so much so that they're running into the wee small hours.

In the beginning, the .22 Rimfire Division was shot last, and people who ONLY shoot rimfire guns were waiting hours to get to the line. That wasn't really working out well. The solution that we came up with to solve that problem was to let them shoot first. Since there were only a few of them - four to five - how long could it take?

Well, once we put the rimfires first, we didn't get four or five shooters, we got 17... and the next week we got 19. That wasn't going to work any better than the old system. The only difference was that now the Centerfire shooters would be the ones waiting for hours.

To solve both of these challenges,, we've decided to completely separate the Rimfire Division from the Centerfire. We'll continue to shoot the Centerfire guns on the 2nd and 4th Thursday of the month, but we're moving the rimfires to Tuesdays - usually, but not always, in the weeks between the Centerfire matches. The exact dates are listed in the ad in this issue of the Trigger Times and are on the Club website.

The upcoming Shoot, scheduled for 26 May, will be the last one this year, in which both Rimfire and Centerfire guns will compete on the same night.

As an added bonus, since we'll now have an entire evening to devote to rimfire guns, we're going to add a Rimfire Rifle Division, which will be shot at 50 feet, immediately following the Rimfire Pistols. As with the pistols, any sights are acceptable and the cost will be \$5.00 per gun.

While the Indoor Centerfire Pin Shoots will still end in September and restart in January, the Rimfire Shoots will continue thru December, then pick up again in May, so as not to interfere with the Indoor Archery League.

For those of you who haven't tried this game, you should come by and check it out; it's a great time.

NH Politics & Legislation

by John Faro, Political Junkie

The battles are still raging in Concord about passing laws that are beneficial to firearm owners. The original bill, HB330, introduced by Rep. Jennifer Coffey (R), has been discussed, revised, rewritten, reintroduced to committees, bounced between both House and Senate, and almost killed for this year. This is the Constitutional Carry bill.

The saga is not over yet. Some very good legislation has been passed by the House and is being held hostage by the Senate: HB 210, an act relative to the use of deadly force to protect oneself; HB 378, an act inserting an exception to the criminal threatening statute; and HB 536, an act relative to the natural right to carry a firearm, openly or concealed, without a license. Many legislators and state firearm organizations have been in a political battle to get these well intentioned bills passed into law, but the legislative process has taken some very good ideas and turned them upside down.

An article published on Thursday, 12 May in the NH Union Leader stated in part that the Senate voted to send back for more committee work bills, expanding the legal use of deadly force by individuals (HB210), giving judges more sentencing flexibility in criminal threatening cases (HB378), and dismantling the state's handgun permitting system (HB330).

The Gun Owners of NH, the NH Firearms Coalition, and most of the legislators that have been working together do not want to dismantle anything. Their intent is to clarify the law and guarantee that law abiding citizens do not receive criminal records if they happen to set foot on school property,

defend themselves or family, or confront trespassers on their own property.

SB88, an act relative to physical force in defense of a person and relative to the brandishing of a firearm or other means of self-defense, is being discussed now. The main focus of this bill is 1) to remove a person's duty to retreat from an encounter involving deadly force, 2) to provide that a person is not justified in using deadly force on another to defend himself, herself, or a third person from the use of deadly force that he or she provoked, and 3) to provide that, except as otherwise prohibited by statute, a person who is anywhere they have a right to be, and who displays or brandishes a firearm or other means of self-defense to ward off a threat, shall not be guilty of criminal threatening.

The effort is being made to incorporate Constitutional carry into the bill, remove restrictions to hunters under the age of 18, and see many of the provisions that are in HB536, a very well written bill, sponsored by Rep. Hoell and others, that languished in committee and met an untimely death. This bill would have given NH gun owners many of the Constitutional guarantees sought for.

SB88 should come up for a vote sometime between May 23 thru May 27th. If it passes Senate muster, it would be sent back to the House for compromise with House legislation. Hopefully this will result in a bill all can agree to and get it to the Governor's desk before the end of the session.
