CPF&G Club Outdoor Range Rule Changes

(effective 2 July 2015)

At the July Board of Directors Meeting, a motion was made and seconded to change the Club Range Rules pertaining to the Outdoor Range, to allow a greater variety of approved targets. After discussion, the motion passed, and Range Rules D-8 thru D-11 and an Appendix with diagrams to illustrate the rules were added:

8. Regardless of type, all targets must be positioned in the area shown in Figure A (see Appendix), at the 25, 50, or 100 yd berms only.

Approved targets include:

- (1) paper targets attached to Club target frame backers;
- (2) targets attached to shooter supplied target supports of similar size and construction to Club frames (See Rule D-11). These may include paper targets, balloons, empty cans, empty plastic bottles, or other items that will allow a bullet to easily pass thru without being deflected in any way;
- (3) targets used in Club sanctioned events; or
- (4) targets as specified below, used solely in the manner described.

STEEL PLATES

Steel plate targets may not be rigidly mounted; they must be free to swing on impact. Plates must be supported in such a way that the target face is initially angled downward by no less than 10°. Steel plates must be placed in the area shown in Figure A, at the 100 yd berm for any rifle caliber shooting, or at the 50 or 100 yd berms for pistol caliber shooting. Steel Plate targets may not be used at the 25 yd berm.

COMMERCIAL REACTIVE RESETTING STEEL TARGETS
Targets similar to those shown in Figures B1 to B4 (see Appendix), positioned as shown in Figure A, are approved for use at the 25, 50, and 100 yd berms.

9. Glass items, pressurized containers, and targets constructed of any material that shatters on impact, or that cannot be easily and completely removed from the Range after being shot, are specifically prohibited.
10. Shooters shall personally police and remove all target debris before leaving the range. If you bring it in, you must take it out.
11. Shooter supplied target supports, referenced in Section D-8 (2) above, must be constructed of wood and indelibly marked with the name and membership number of the shooter. Any shooter constructed target support system may make use of the fixed Club target frame bases, but Club target bases shall not be moved or modified in any way.

At the same Meeting, a proposal was submitted to end the Sunday 10:00 to 12:00 closures of the Outdoor Range. The motion was seconded and was passed after discussion.

Range Rule A-3, which previously read:

3. The Outdoor Rifle/Pistol Range is open to Members from 09:00 to one-half hour after sunset.
Exceptions: Sundays from 10:00 to 12:00 for Club Membership Tours and Trap, all day on Thanksgiving and Christmas, and periodically for Club sanctioned events, e.g. Outdoor Pin Shoots, Cowboy Action Shooting Matches, and .22 Rimfire Plate Shoots.

has been changed to remove:

“Sundays from 10:00 to 12:00 for Club Membership Tours and Trap,”
resulting in:

3. The Outdoor Rifle/Pistol Range is open to Members from 09:00 to one-half hour after sunset.
Exceptions: All day on Thanksgiving and Christmas, and periodically for Club sanctioned events, e.g. Outdoor Pin Shoots, Cowboy Action Shooting Matches, and .22 Rimfire Plate Shoots.

Appendix

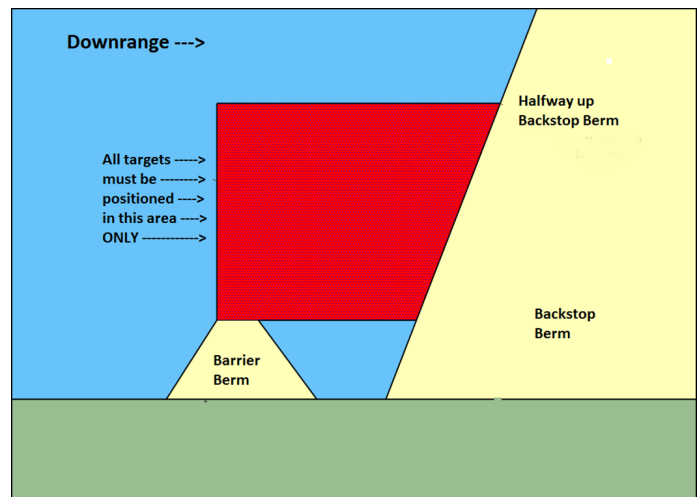

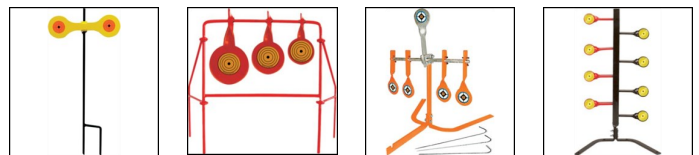

Figure A

Figures B1 - B4

The above changes were made to give Club Members more latitude in their target choices, hopefully adding more of a “fun factor” to their shooting activities. However, it should be noted that failure to adhere to the above restrictions, or failure to remove all target debris, would likely result in a rapid return to the old “paper targets only” rules.

LET’S KEEP THE RANGE NEAT.

DISCOUNT BULLETS

Politics & Legislation

by John Faro, Political Junkie

New Hampshire: As she had stated she would do many times, Governor Maggie Hassan has vetoed SB 116 - "Constitutional Carry" - that was passed by the House and the Senate. In September, when the legislators return to Concord, we will have a chance to show our Governor what the people of the Granite State do when politicians yield to pressure from out-of-state interests. What happens then? The Legislature has what is generally called "Veto Day". Bills that were sent to the trash heap have a second chance for reconsideration.

My suggestion to the firearms community would be to FLOOD the offices of your reps and senators with emails, letters, and phone calls, asserting that we want to see the Governor's veto of this legislation overridden and passed into law.

We are now sandwiched between two states, Vermont and Maine, which have "Constitutional Carry". Governor Hassan's plan to make NH into "Taxachusetts North" does not sit well with the majority of the residents of New Hampshire. Let her know she will not get a single vote from the law-abiding gun owning citizens that live here. Tell your reps and senators the same fate could await them.

World: On August 24th, UN "Small Arms Treaty" nations are set to kick off a secretive, closed-door conference in Mexico City to begin making their utopian vision of a gun-free globe a reality. The UN Small Arms Treaty is the gun-grabbers' crown jewel. It's gun control on a global scale - setting the stage for international bureaucrats to finally realize their goal of registering and CONFISCATING firearms around the world. Even after a handful of half-measures by Congress to hold off implementation, the gun-grabbers could very well get their wish.

According to the UN's Department of Disarmament Affairs, it's all under the guise of combating Insurgents, armed

gang members, pirates, and terrorists. *(National Association for Gun Rights bulletin)*

George Soros and Michael Bloomberg are funneling millions of dollars into this effort. President Obama and Secretary of State John Kerry are eager for the US to participate. Don't be fooled into thinking that our legislators will prevent this from being approved. There are those who, behind closed doors, agree with this move. Contact them as often as you can to express your displeasure with this.

The Obama administration is trying desperately to guarantee Obama's legacy with the Iran treaty. A lot of very educated, conservative, and even

some liberal thinkers believe this is going to lead to a nuclear holocaust in the not too distant future. This administration is hell bent on taking our rights away, but it's okay with allowing the foremost supplier of world terrorism to be a nuclear power. I must have missed something in all the years I have been following politics. How can this "community organizer" think he can trust an avowed enemy of the US? To them, we are "The Great Satan".

If you don't pay attention to politics and what is happening in the Granite State and these United States, you're not part of the solution, you're part of the problem.
