SOCIALISM

## Politics & Legislation

by John Faro, Political Junkie

It has been a very contentious year under the State House dome, if I may paraphrase a newspaper section.

### New Hampshire

I'll start with some good news this month: HB 1368, the bill that mandates that all firearms owners purchase liability insurance and that would have fined those who failed to comply \$10,000, was voted ITL (Inexpedient To Legislate) by the House Commerce and Consumer Affairs Committee. On 11 February, the full House voted to accept the committee recommendation and also voted HB 1368 ITL. Thanks to the House Committee and Rep. Pamela Tucker, Rockingham – District 23 for their sensible action on this nonsensical attack on legal firearm owners.

HB 1645, eliminating the need for a license to carry firearms concealed, has also had a committee hearing. I was not able to attend this one but I have reliable information that the hearing room was a battlefield for lawyers for and against this bill. On the pro-side the argument was made that passing the NICS check when purchasing a firearm would

indicate your legal status to carry the gun concealed. On the con-side the argument is that the system currently in place has worked for decades and keeps firearms out of the hands of people that should not have them. The comment was made that people with criminal intent do not apply for licenses or purchase firearms from legal sources. The committee report had not been published as of the writing of this article.

HB 1474, requiring the collection of data relative to firearm related deaths and injuries, is scheduled for a hearing on 19 February. The argument against this bill is that the Uniform Crime Reporting Unit of the NH State Police already collects this data and submits it to the FBI. It's my understanding that this information is shared with the CDC (Center for Disease Control) for "statistical" purposes. The prime sponsor of this bill is Representative Katherine Rogers (D) Merrimack District 28. This is Ms. Rogers fifth term in the NH House. She is no friend of the firearm owning public. A quick search of her voting record and the bills she has sponsored on

the state government website will verify my statement. She is also the prime sponsor of HB 1416, to fund criminal background checks that are already funded in the state budget. The purpose of this bill is to have the legislature gain tighter control of the funding for this very important government function.

### Federal

The death of Supreme Court Justice Antonin Scalia is a huge loss to those who value the Constitution as a bulwark against the overreach of an ever more powerful government. Some of you may not be aware of Justice Scalia's avocation of our rights under the Constitution. Scalia was an originalist – one who believes the Constitution is best interpreted by seeking an understanding of what the Founders intended when they wrote the document. His strict interpretation of the Second Amendment has guaranteed our firearm rights throughout his entire judicial career. If President Obama replaces him with another liberal jurist our fight on the federal level for our rights and freedoms will be in grave danger.

As an NRA affiliated club, it is important for us to support the National Rifle Association. By joining the NRA through Country Pond Fish & Game Club, \$5 of the annual \$35 fee (or \$10 of the \$85 3-yr membership) is paid back to our club.

To join, go to <http://membership.nrahq.org/default.asp?campaignid=XC004701>, or contact Andrew Gaunt at [fishfryah@gmail.com](mailto:fishfryah@gmail.com) or 603-770-7482.
