

Handloading Components Order

(Sorry, no ammo this year)

CPFGC will soon be placing the annual order; this time for certain reloading components only: primers, lead shot, and shotgun wads. Due to panic buying and extensive shortages, many components, especially powder, are not currently available, or are ridiculously priced, and loaded ammo has been particularly affected. Thanks for your patience.

You will need to do your own research regarding part or SKU numbers, package sizes, and other pertinent details. Prices on items are **not known ahead of time**, but in general will be competitive with any price you can get locally. Once we receive your order, you will be advised as to whether or not the items you want are available.

Please note: if you order something you are obligated to take it.

You must also agree to accept components from whatever manufacturer is available.

The Club has an account with the supplier and pays the bill. When the order arrives, we collect your payment, plus 5% for the club.

Your payment must be by **check only**, made out to "CPFGC".

Be SPECIFIC! (preferably with a UPC number)

Be sure to include all pertinent information including exact quantity

(Note that "three boxes", "one case", "two bags", etc. are **not** exact quantities.)
